The ProAddiction Multi-Protein Benefits

- ProAddiction can be used on any hair color, even super blondes and will not turn the hair brassy orange or yellow like other keratin treatments.
- ProAddiction does not contain Formaldehyde or any other harmful chemicals.
- ProAddiction can be used on any hair type, Caucasian, and Ethnic hair.
- Clients can swim in the ocean or chlorine.
- ProAddiction is completely customized; clients can choose to have complete straight hair or to reduce their curls or keep their natural curls all without the frizz.
- ProAddiction does not wash out like other keratin treatments, it is permanent, it just grows out.
- Our ProAddiction treatment rebuilds the hair protein which leaves the hair healthy, shiny, and bouncy.
- ProAddiction repairs damage hair from the inside out.
- ProAddiction is odorless with no dangerous fumes.
- ProAddiction is Vegan.
